| Operating temperature  | -10 °C to +40 °C          |

Appearance

<Note on the audible range and battery life>

1. The indications of the audible range and battery life are based on the JEITA Standard\*.
2. Audible Range presumes that the megaphone employs new batteries and is used on a quiet street.  
It varies depending on such conditions as battery consumption, ambient noise, wind direction and obstacles.
3. Battery Life assumes that megaphone is used for 30 minutes a day.
