

# Product data sheet

Specifications

## Manual call point, ECF221I6, with isolator

FFS06723706

### Main

|                           |                                           |
|---------------------------|-------------------------------------------|
| Range of product          | Esmi addressable components for ALC range |
| Product or component type | Manual call point                         |
| Colour tint               | Red                                       |

### Complementary

|                                |                                                                                                                           |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Material                       | PC (polycarbonate)                                                                                                        |
| Control type                   | Resettable                                                                                                                |
| [Ue] rated operational voltage | 17...35 V DC supply                                                                                                       |
| Signalling function            | Alarm status LED red<br>Isolator operation LED yellow<br>Fault flashing LED yellow<br>Device is polled flashing LED green |
| Type of setting                | 8-segment DIL switch: address setting                                                                                     |
| Current consumption            | 100 µA standby<br>1 mA power-up surge 1s typical<br>4 mA alarm LED on                                                     |
| Height                         | 90 mm                                                                                                                     |
| Width                          | 90 mm                                                                                                                     |
| Depth                          | 63 mm                                                                                                                     |
| Product weight                 | 180 g                                                                                                                     |

### Environment

|                                       |                         |
|---------------------------------------|-------------------------|
| IP degree of protection               | IP44                    |
| Ambient air temperature for operation | -40...70 °C             |
| Standards                             | EN 54-11<br>EN 54-17    |
| Product certifications                | CPR<br>LPCB             |
| Relative humidity                     | 0...95 % non-condensing |

### Packing Units

|                              |     |
|------------------------------|-----|
| Unit Type of Package 1       | PCE |
| Number of Units in Package 1 | 1   |

|                  |         |
|------------------|---------|
| Package 1 Weight | 250.0 g |
| Package 1 Height | 5 cm    |
| Package 1 width  | 12.5 cm |
| Package 1 Length | 12.5 cm |

Offer Sustainability

|                            |                                                                                                                       |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------|
| EU RoHS Directive          | Compliant<br><a href="#">EU RoHS Declaration</a>                                                                      |
| Mercury free               | Yes                                                                                                                   |
